SOIL ACTIVATOR®

A natural and powerful biofertilizer for active soil and vigorous crops from the roots up.

APPROVED FOR ORGANIC AGRICULTURE

Earth Alive Soil Activator® is a patent-pending biofertilizer composed of a blend of naturally occurring soil microorganisms with an all-natural forestry by-product. It does not contain genetically modified organisms or synthetic chemicals.

Soil Activator® boosts yields by increasing the availability of plant nutrients in the soil.

Approved for organic agriculture by Ecocert Canada
